

2021 Ashe Memorial Camp Med Experience

Program Overview:

Designed to identify, educate, recruit and prepare high school students for careers in the healthcare profession

Who should participate:

Rising 10-12th graders

Objectives:

- Describe roles, responsibilities, credentialing, and education preparation for select health care professionals
- Develop an understanding of the health care delivery system and principles of medical ethics and safety
- Explain what medical cultural competency is and why it is a critical component of the healthcare system
- Experience a learning environment which integrates school life with the adult world of work

Applicant requirements:

- Rising 10th graders
- GPA 2.5
- Complete a letter of interest outlining your career goals and why you want to participate
- Complete the application process

Dates of Camp are July 12-16, 2021 or July 26-30, 2021
