

Amy Tsolis
Mountain View Elementary

I am originally from Statesville, NC. I attended Appalachian State University and received my Bachelor's Degree in Psychology. I continued at ASU and completed my Master's Degree in School Counseling. While at ASU, I fell in love with the mountains and moved to Ashe County in 1994. I am married and have one son. I have been blessed to be an elementary school counselor for 17 years. I really enjoy working with the children, parents, and my Mountain View family.
