APP of the MONTH

Too Noisy - <http://toonoisyapp.com/>

A Noise Level meter built to help control the noise level of groups of children. As the noise level in a classroom increases beyond an acceptable level the noise level meter dynamically indicates the level of noise, and the background graphics within the app change to reflect the noise levels. (free)

WEBSITE of the MONTH

<http://www.inspiringteachers.com/http://www.inspiringteachers.com/>

This website offers a variety of free resources to help you through your first several years in the classroom.

EVALUATION PROCESS

Your Mid-Year PDP should be completed/updated by now with signatures by you, your administrator, and your mentor. Please make sure you have a hard copy with all required comments and signatures.
