## Mission Statement

The Ashe County Board of Education Endowment Fund is a non-profit organization that enables new and innovative approaches to learning that are not supported through traditional funding of public education.

## Purpose

The Endowment Fund provides grants that will enrich learning and educational opportunities over and above the resources provided by local, state and federal funding. Your contributions will make a direct impact by providing financial support for our students in our classrooms representing all schools and central support services.

While every effort is made to fulfill grant requests, we are sometimes unable to fund all grants submitted. With the support of our community we can enrich our students' educational experience. The golf tournament serves as a primary fundraiser.
