## Distance Learning Reading Challenge

*From the Literacy Specialists*

Dear Parents,

We want to encourage our students to stay active in their learning during this time at home. We know this can be a challenging task for parents and students, however, we hope the activities we have gathered can help you create an engaging and meaningful experience for everyone involved. Each day, allow your child to choose a reading square to complete, and when it's completed, check it off. Students will receive a small prize for each BINGO row they complete. For additional ideas or online activities, please check our school's website under the Student tab.

Please stay safe and healthy during this time away. We hope to see your child back at school soon!

Thank you,
