Madi Roberts

Minutes were reviewed and approved from the previous meeting. The “at risk” student list was discussed and how much progress has been made. Mrs. Mossow will reopen the “at risk” sheet for teachers to enter in student information. We also talked about supporting students to promote passing classes. How we keep a standard but support the students who are struggling.

MTSS will introduce themselves at the next faculty meeting and inform everyone of what their mission is. They want to break down what they are doing in the school at present and what needs to be done. They are wanting to include a monthly homeroom and Husky Hall to reach out to our students. We are wanting teachers to move with their homeroom students every year. Once a teacher has a freshman homeroom he will move with them every year through their senior year. Information would be grade specific and given out every month when they meet. This is another constant contact with students that can help support them.

There was nothing else to be discussed and the meeting was adjourned.
